

CRESSI

OUR BEST PROJECT IS TO SAVE THE SEA.

At **Cressi** we understand that our sea is in grave danger, and its entire ecosystem is under threat.

Cressi was founded, and still lives, just steps from the sea in Genoa. We breathe sea air in everything we do, and every one of our products is inspired by the incredible beauty of the waters we see before us.

The only way to fight pollution in the sea is to be aware and active, first hand.

So at **Cressi** we've decided to take some concrete actions: 100% of the energy we use in our Genoa factory is clean and completely green, provided by **LifeGate**.

LifeGate provides us with 100% renewable energy with zero impact.

That's why we are proud to present our latest, most important, and best project.

CRESSI FULL FACE MASKS

2 SIZES

The snorkeling visors allow you to explore the underwater world from the surface. They offer a natural breathing experience due to the absence of any valve (patent pending), and a fog-free vision obtained by the lateral deflector mechanism (patent pending). A lateral air channel system, for inhaling and exhaling, drastically eliminates any breathing effort thanks to a reduced airflow length circulation (patent pending). The face skirt is made of soft hypoallergenic silicone. Frame and visor made of polycarbonate.

Karma sunglasses have a classical appearance. Their design is slender, refined, soft, and characterised by formal balance and fine proportions. The surface can be had with glossy or satin-texture finishes. The round lenses offer a wide front coverage, effectively shielding the eyes from UV rays. Thanks to the antireflection treatment, they offer a clear vision, rich and detail and well-contrasted. Italian quality and production.

HYDROPHOBIC POLARIZED SUNGLASSES

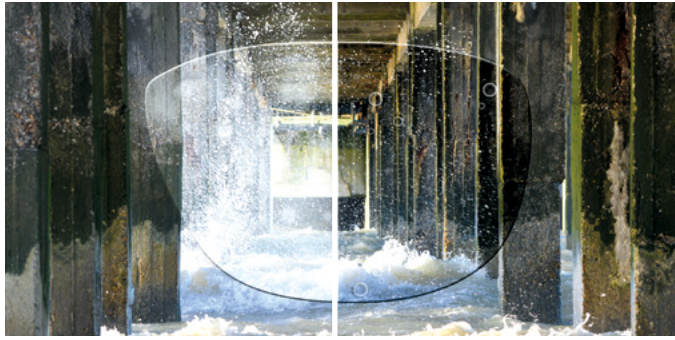

BLAZE

HYDROPHOBIC POLARIZED LENSES

HTC *Hydrophobic Tech Coating*

The HTC treatment that Cressi has perfected protects the lenses from dirt and is water-repellent. It combines the benefits of multi-layer anti-reflective treatments with the hardening treatment. This is the best treatment that Cressi Sunglasses has ever produced on sunglass lenses.

HYDROPHOBIC TECH COATING

STANDARD LENSES

Thanks to the protective HTC (Hydrophobic Tech Coating) treatment, droplets of water slide from the surfaces, leaving them free of streaks and dirt. This protection makes the lenses more durable and long-lasting, for sharp and defined vision. The HTC layer helps the lens stay resistant to dirt, and makes it super smooth and easy to clean.

Makes the lenses super smooth and combines four important treatments:

- HYDROPHOBIC PROTECTION
- POLARIZED FILTER
- ANTI-GLARE TREATMENT
- HARDENING TREATMENT

HYDROFOBIC POLARIZED SUNGLASSES

- HIGH-QUALITY ORGANIC GLASS LENSES
- SATIN FINISHED
- REPELS DIRT AND IS EASY TO CLEAN
- COLORED, MIRRORED LENSES
- COMFORTABLE AND DURABLE FRAME
- 10 PROTECTIVE LAYERS

FLOATING
SUNGLASSES

FLOATING POLARIZED SUNGLASSES

NINJA FLOATING

- SOFT RUBBER COATING
- POLARIZED FILTER 3 CATEGORY
- HIGH QUALITY SHATTERPROOF LENSES WITH 100% UV PROTECTION!

- LENSES**
- PROTECTION
 - POLARIZED
 - ANTIREFLECTION

Ninja sunglasses are just perfect for those practising sports in general, and especially for those who enjoy fishing, jet skiing, windsurfing and sailing. This special floating version confirms that their ideal use is in water sports. The solar filters in the lenses offer 100% protection from UV rays, block luminous reflections and glare, ensuring crystal clear vision and good contrast. Thanks to the WRH treatment that makes them water-repellent and hydrophobic, the lenses remain clean at all times, yet another feature that makes these glasses indispensable when boating or sailing. The antireflection treatment also comes in handy when driving, in that it drastically reduces reflection from the road surface and improves vision.

NINJA

- SOFT RUBBER COATING

- POLARIZED FILTER 3 CATEGORY HIGH QUALITY SHATTERPROOF LENSES WITH 100% UV PROTECTION!

- LENSES**
- PROTECTION
 - POLARIZED
 - ANTIREFLECTION

Ninja sunglasses have been specially designed by CRESSI to protect your eyesight in the proximity of water. Cressi Ninja solar filters ensure 100% protection from UV rays, block dazzling reflections and glare, making for ultra clear, well-contrasted vision. Thanks to the WRH treatment that makes them water-repellent and hydrophobic, the lenses remain clean at all times, yet another feature that makes these glasses indispensable when boating or sailing. The antireflection treatment also comes in handy when driving, in that it drastically reduces reflection from the asphalt and improves vision. Highly appreciated in the traditional version with black temples, they are now proposed in a mimetic version, renewing the success that made them famous.

Rocker glasses have become a classic element in Cressi's eyewear collection. Light on the nose, they endow the face with a determined, manly countenance. The combined action of frame design and lenses offers optimal protection from the sunrays.

While featuring an enveloping shape, in fact, Rocker glasses are equipped with polarised, antireflection lenses.

They offer crystal clear vision, rich in detail, and enhance contrast, while protecting the eyes from harmful rays. They block reflections and ensure 100% protection from UV rays.

POLARIZED SUNGLASSES

VENTO

FOR WATER SPORTS

- SOFT RUBBER COATING
- POLAZIRED FILTER 3 CATEGORY
- HIGH QUALITY SHATTERPROOF LENSES WITH 100% UV PROTECTION!

- LENSES
- PROTECTION
 - ANTIREFLECTION

LAST PRICE!

With their lightweight, streamlined shape, Cressi Vento glasses are the ideal choice for a dynamic lifestyle. If you enjoy riding a trekking bike, skating under the sun, exploring the world on foot and moving fast, these glasses are made for you. Comfortable and wraparound, they adhere perfectly to the face.

The curved temples covered with a soft elastomer ensure optimal comfort behind the ears. The nose pads are soft on the nose, and the sporty design of the frame is enhanced by the slots in the upper edges of the frame, which promote the exchange of air and prevent misting.

The antireflection treatment is highly appreciated when driving, in that it drastically reduces reflection from the road and completely neutralise the UV rays, making for improved vision. Thanks to their design, these glasses can be put on and taken off with ease, with and without a helmet.

DRY BAGS

RHINO

- INTERNAL LARGE POCKET
- IDEAL FOR TRAVEL

EXTERNAL WATERPROOF POCKET

ZIPLESS LARGE TOP OPENING

FOLDING TOP CLOSURE

LARGE CARRYING HANDLE

The Rhino bag ensures excellent protection against water, dirt and sand, with easy access to all your belongings through a large top opening. A large internal pocket and an external waterproof pocket allow you to keep smaller objects separate. The sturdy, fully waterproof polyester with which it is built added to the welded seams and the fold closure system with fastening hook, make this bag 100% waterproof, making it the travel companion for your travels.
